On behalf of the Tullah Progress Association I would like to thank all who participated and those that volunteered their time at the 2008 Hydro Tasmania Tullah Challenge.

The Event was a success even though the weather left a little to be desired.

We had some very interesting participants this year. This year's event was taking on the air of becoming a corporate challenge. With our Major Sponsor (Hydro Tasmania) contributing two teams I was curious as to who was going to win and who was going to keep their jobs. Well done fellas it was great to have you attend and enjoy the day.

Congratulations and thank you to

another of our sponsors & competitors – Oz Minerals. Without the support of local business we would be unable to afford to hold the event.

We believe we have some amazing assets on the West Coast. Majestic rainforests, fabulous mountains (unpredictable weather) and amazing people and this one-day a year gives us the opportunity to let you experience what most of us take for granted whilst living here.

As promoted, this year was our 15th anniversary. The event started with the vision of some great people who still represent the Tullah Progress Association and assist the running of the event. I would like to thank these members of the Tullah Progress Association who generously give their time and share their enthusiasm to promote the Tullah community and surrounding area.

On the rear of this newsletter we have included a "few" pictures of the faces that make the event – the behind the scene people. Thank you.

The 16th Tullah Challenge will be held on 7th November 2009. We would love to see you all again.

Please feel free to send us an email with suggestions to make the event more enjoyable for you.

Our goal is to make the next Tullah Challenge more competitor-friendly – an event you want to tell your friends about. So drop us a line at:

Tullah_Challenge@hotmail.com

We look forward to hearing from you via email and seeing you in 2009.

2008 First Male: Kris Clauson

2008 First Female: Meghan Johnston
